TAPES

- ADN101 MUNZDOW (Japan) - Kibutsu C 45 L. 7.500,-
A famous Japanese group playing disarticulated improvised music with a
lots industrial vein. A very hard cassette, sometimes similar to Can, Ltd. od.
- ADN102 NULLA IPERREALE (Italy) - 11 nulla cho stira a ob C 60 L. 2.000,-
Nulla Iperreale was a group of non musicians living in the suburbs of Milan.
Their industrial noise is surely not of standard.
- ADN103 DIE PYRA & NULLA IPERREALE (Italy) - In un silenzio oscuro C 60 L. 8.000,-
Eight musicians play the industrial symphony featured on this cassette.
It's little less harsh than the previous one, but with more variations.
- ADN104 ELEKTROZANGE (Germany) - More eotzendor Jangweille C 30 L. 7.000,-
All the musicians involved in this project participated to the group PD,
now P16D4, from Kalos. The music is electronic, very strong and personal.
- ADN105 PASCAL COMELADE (France) - Milano enarmoniato C 70 L. 8.000,-
Comelade is surely one of the greatest characters of the new music.
Side one features a live performance with Balanta Orchestra and side two
some of the little jewels he composed during the past years.
- ADN106 DEFICIT DES ANNEES ANTENINNIUMS (France) - La famille des esitimbagues C60L. 8.000,-
D.D.A.I. is one of the best known groups riding the latest wave of avant-
garde French music. They have always some surprises in their silk-hats and so
it is for this cassette.
- ADN107 DIE PYRA & NULLA IPERREALE (Italy) - Riflessi sensibili C 30 L. 7.000,-
This is the third work for ADN of this young group, that is developing
well its talent, perhaps this is a more complex and complete cassette, an
improvement of the first ones.
- ADN108 CINEMA VERITE (Germany) - Der weisse reusch C 60 L. 8.000,-
Two german guys, involved in cinema too, made other cassettes of hard
electronic music before this one, not unlistenable, interesting and very well
recorded.
- ADN109 HARTMANN/BOURDONVILLE QUALK (Germany/UK) - Music while you work C 80 L. 8.500,-
Two groups from Reolous Organisation released this cassette for ADN, on
the experimental side of rock music: an international plot against recording
institutions for a free form of music.
- ADN110 Work in progress
- ADN111 IN CREATIVE METHODS (France) - Superstitions C 30 L. 7.000,-
This French duo, who published 2 LP's in the last years as a free jazz
group, is not electronic oriented like the most of ADN tapes, they play a free
music with sounds and percussion in evidence.

- ADNt12 F.A.R. (Italy) - Just C 60 L. 8.000.-
An Italian electronic combo, with a nice female singer, plays very strong "songs" with many effects; one of the hardest tape in this catalogue and a fine cover.
- ADNt13 ZORA INDUSTRIALE (Italy) - Nastro C 45 L. 7.500.-
The edge of the music or noise? Listen to it and send us your answer!
- ADNt14 RICCARDO SBRICAGLIA (Italy) - Watertube ringpiol C 30 L. 7.000.-
Very different from other ADN tapes, it contains ambient music for a quiet listening played by a young Italian keyboardist, with conservatory experience, who played also with Aktua, old Italian progressive group, in the seventies.
- ADNt15 DOKA STRISTRA (Holland) - Conveyor belt C 45 L. 7.500.-
No dance music, no noise, no pop songs: a blend of interesting and tasteful new "industrial" wavy from this Dutch group.
- ADNt16 LA 1919 Spontaneo (Italy) - L'annono tragodia C 30 L. 7.000.-
A young duo from Milan playing guitar and keyboards gives a short essay of its skill with conscious improvised music in this "Spontaneo" version.
- ADNt17 APOX (Italy) - Warm loochio duano C 60 L. 8.000.-
Enrico Fiva (i.e. Apok) found many of the sounds that compose this tape in a Scandinavian journey and put them together with minimalist taste.
- ADNt18 FIORI CAROLIS (Italy) - Solo ed esclusivamento C 40 L. 7.000.-
A limited edition cassette (only 105 made) with a very personal guitar sound, the principal aim of this young player is to extract a new noisy music playing a normal string instrument, a guitar. Did he reach his purpose?
- ADNt19 BEN SKULPTURE MUSIC (UK) - In a dream C 90 L. 8.500.-
Long tracks which represent one of the best faces of minimal wavy, it's the first New 7th Music cassette published by another label, after some auto-produced tapes: a revelation.

OUT OF STANDARDII:

- ADNt01 DEUTSCHLAND I - with Chaney, Glenna Verità, Didaktische Einheit, Non Toxiqo Lect, P16 D4, Solmitzler, D.B.O.T.U.I. C 40 L. 7.500.-
The first compilation cassette for ADN label, really out of standardII, with the most extreme music from Germany and an informative booklet.

Out moon:

- ADNt20 CHATEAU (Germany)
- ADNt21 VERDESKANG (UK)
- ADNt22 FRANCE

A DUAL NOTE RECORDS

- DLNt01 DIE PYRM A MURIA IPERHFAIS/TASADAY (Italy) - Aprimi nel silenzio LP B4 L. 12.000.-
1st vinyl work by this young Italian group, it's a step on if you listened to the cassettes, a more complete work with a special industrial/post industrial sound.
- DLNt02 MAZE 1066/TASADAY/ISE/TAC (Italy) - Ednattin LP 1984 L. 12.000.-
A compilation album with four groups from Italy, a blend of tunes and sounds from new jazz to an Italian way of playing atomic music.

All prices include postage & packaging.
